### Project Scope

CASA Engineering was contracted for multiple contracts to supply solutions for difficult situations including raising and supporting a Heritage listed House that has retained on site.

This magnificent design is the creation from Cottee Parker Architects Pty Ltd, and the rendered pictures below were created by Render House.

This amazing multi angled project provided CASA the opportunity to demonstrate a high level of detail set out and execution, providing the project very tight tolerances achieving specifications and dimensions for following trades to complete the very lavishness multimillion dollar pent house fit outs.
