

Project Details

PROJECT NAME	Tony Ireland (Riverway) Stadium
PROJECT LOCATION	Townsville, QLD
CASA ROLE	Subcontractor
CLIENT	Watpac
CONTRACT VALUE	\$2M
PROJECT COMPLETION DATE	September 2006
CONSTRUCTION MANAGER	Peter Casa
PROJECT MANAGER/CONTRACT ADMINISTRATOR	Peter Casa
SITE SUPERVISOR/SITE MANAGER	Paul Granfield

Project Scope

Tony Ireland Stadium comprises an AFL and cricket oval, a 1000-seat grandstand and supporting facilities, a practice oval and cricket practice nets.

A two storey grandstand has been constructed, featuring a cantilevered roof curving in both cross and long sections, which rise from just above the spectator berms.

The lower level incorporates change rooms, storage for gardening equipment, externally accessible amenities, an AFL Townsville development office, a shared meeting room and facilities for medical and drug testing.

The upper level features a shared AFL, cricket and corporate lounge with club administration, amenities, kitchen, store and management and meeting rooms, and is the home of the Thuringowa Bulldogs and Queensland AFL.

CASA contributed to the resolution of coordination and design issues throughout the project duration and successfully reached Practical Completion of the Structural Steel scope in early 2006.
