

Project Details

PROJECT NAME	Strengthening Work and Replacement of Conveyor
PROJECT LOCATION	Townsville, QLD
CASA ROLE	Principal Contractor
CLIENT	QSL
CONTRACT VALUE	\$7M
PROJECT COMPLETION DATE	December 2011
CONSTRUCTION MANAGER	Peter Casa
PROJECT MANAGER/CONTRACT ADMINISTRATOR	Michael Wood
SITE SUPERVISOR/SITE MANAGER	Dwayne Jenkins

Project Scope

Earlier works at QSL Terminal included the replacement of walk ways and strengthening of the structural members that support the conveyor system.

The replacement of the conveyors included removal to salvage/store of redundant material/plant and provision of new structural steel, mechanical and electrical fabrication, supply and installation. CASA completed this project without an MTI or LTI.
