PROJECT LOCATION	Birtinya / Kawana Qld
CASA ROLE	Drafting, Fabrication & Erection
CLIENT	Lend Lease Engineering Pty Limited
CONTRACT VALUE	\$ 3.1m
PROJECT COMPLETION DATE	May 2016
CONSTRUCTION MANAGER	Tull James
PROJECT MANAGER/CONTRACT ADMINISTRATOR	Tull James
SITE SUPERVISOR/SITE MANAGER	Gunter Mayr

### Project Scope

Supply, fabrication and Installation of the University Hub Structural Steel for the Sunshine Coast Hospital including the following areas;

1. North Building Roof
2. East Building Roof & East Building Maintenance Walkways.
3. Auditorium Roof & Auditorium Tiered Seating.
4. Outdoor Room Roof
5. Link Bridge Roof
6. Stair 1 & Stair2
7. Sunscreen Support Framing (West of North Building)

All areas were installed immediately upon access being granted access

High volume of activities and limited access was continual managed to ensure the project program was achieved.

The Auditorium had unusual challenges with a round concrete structure and sloping roofs along with internal tiered seating. All of which fitted with very little adjustment.
